

Production information

Double sided Repulpable tape

No.481

Repulpable double sided adhesive tape for auto splicing.

Structure

Properties

Thickness 105um

Adhesion
to Stainless plate 3.72 N/cm
to white wood free paper 4.41 N/cm

Shear adhesion at 60 degrees C 44.1 N / (2.5cm)²

Characteristic/Use

Repulpable adhesive. Green colored glue.
For paper splicing. Identification of splicing part for colored glue.
